

NOMAD FACE • OUTDOOR CARE

FACE MORE.

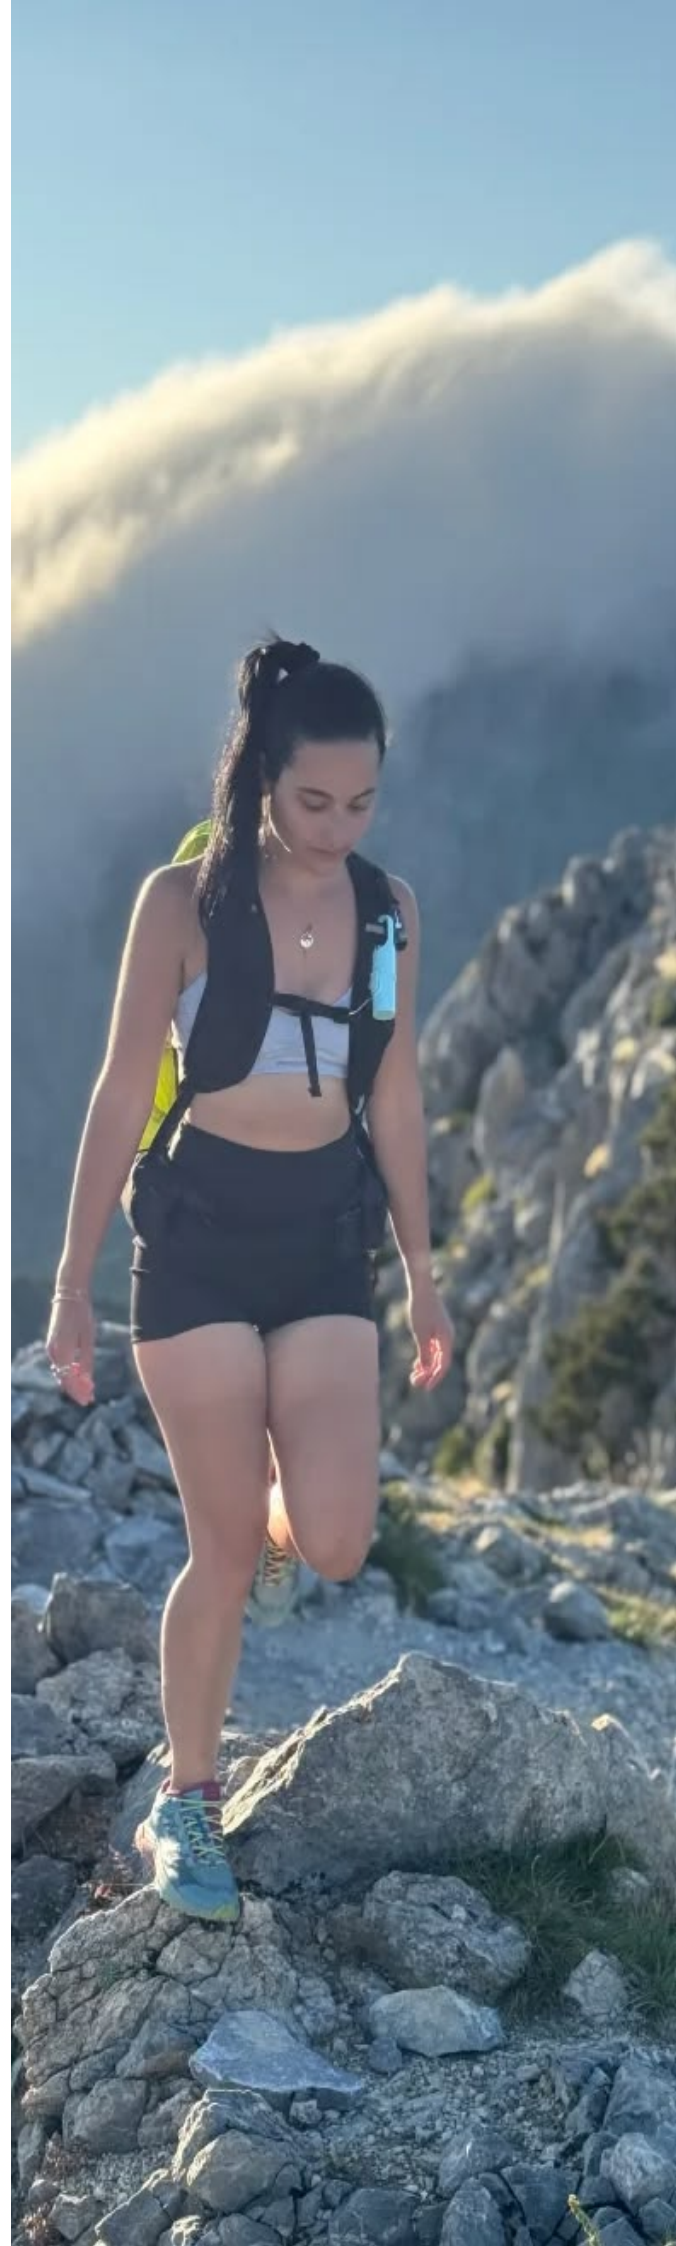

We're meant to be outside.

HELP PEOPLE STAY OUTSIDE LONGER.

Nomad Face creates functional outdoor-care solutions designed to remove the small physical barriers that make people stop earlier. Sun, cold, wind, water, sweat and friction are part of being outside – they should not be the reason the experience ends.

**Not beauty routines. Outdoor solutions.

The System

Before · During · After

A compact system built around the real moments of an outdoor day.

BEFORE

DURING

AFTER

Full Kit SPF50+

Hand Shield

Refreshing Foot

Full Kit SPF50+ is the DURING hero: fast, one-hand sun protection while the activity continues.

Hand Shield and Refreshing Foot work BEFORE and AFTER: prepare, protect, restore comfort, repeat.

One system. Fewer reasons to stop.

DURING — FULL KIT SPF50+

The Bunker System

The Bunker is the core of the system: a reusable technical case in POM reinforced with carbon additive, built for one-hand use even with gloves on. Inside, the Capsule delivers the water-free SPF50+ formula for face and lips. When it runs out, replace the Capsule — not the Bunker.
